Land Acknowledgement

Aboriginal Education Council Land Acknowledgement

Brock University acknowledges the land on which we gather is the traditional territory of the Haudenosaunee and Anishinaabe peoples, many of whom continue to live and work here today.

This territory is covered by the Upper Canada Treaties and is within the land protected by the Dish with One Spoon Wampum Agreement.

Today this gathering place is home to many First Nations, Métis and Inuit peoples and acknowledging reminds us that our great standard of living is directly related to the resources and friendship of Indigenous people.

Graduate Students' Association Personalization

The Brock University Graduate Students' Association (Graduate Students' Association) wishes to recognize the collaborative and thoughtful work of the Aboriginal Education Council in developing the above Land Acknowledgement, which was the culmination of 10 years of discussions. We also wish to emphasize that the "dish" in the Wampum agreement represents the land that is to be shared peacefully; the "spoon" represents the individuals living on and using the resources of the land. This agreement is one that celebrates the spirit of reciprocity, and we recognize that such an agreement creates space for the awareness of ecological and environmental sustainability, along with the responsibility to ensure that the dish is never emptied as we take care of the land and all the living beings on it.

The Graduate Students' Association further recognizes that acknowledging Indigenous peoples and their lands can serve to remind us at Brock University that our great standard of living is directly related to the colonial legacy which has significantly impacted Indigenous peoples. It is important to understand the longstanding history that has brought us to reside on these lands and that we must seek understanding of our place within this history.

The Graduate Students' Association understands that colonialism is an ongoing affair, and we must build upon our awareness of our present participation within it, as well as find meaningful ways to support contemporary shifts towards decolonization, such as abolishing the Indian Act, enacting the recommendations from the Truth and Reconciliation Commission, and supporting the development of basic infrastructure in Indigenous communities. Thus, the Graduate Students' Association acknowledges and respects the long history and cultural traditions of the First Nations, Métis, and Inuit peoples, and we are committed to maintaining and building relationships based on the principles of solidarity, respect, reciprocity, and collaboration in the spirit of indigenization at Brock University.

Finally, the Graduate Students' Association wishes to emphasize that land acknowledgements do not exist in a past tense nor historical contexts, as it was mentioned that the acknowledgement above was the product of a decade of collaboration and cooperation between Indigenous education communities in the Golden Horseshoe. As researchers on these lands, we encourage our membership to take daily action through learning and spreading awareness of contemporary moves towards decolonization, which ask us to stand as allies to the original stewards of the land and to support, empower, and amplify the voices of Indigenous communities in their ongoing struggle against colonial systems of oppression.

About the GSA

The GSA is a student organization that represents the interests of all graduate students at Brock University (approximately 2000 students) and acts as the independent voice of graduate students on campus. The GSA is recognized by Brock University as the official representative of Brock graduate students. This non-profit, non-share Capital Corporation, formed in 2001, is administered by an Executive team and Board of Directors, with assistance provided by a Program Assembly.

Upon registration, all graduate students at Brock automatically become members of the GSA by virtue of a fee paid with tuition. These proceeds help to support the GSA administration, as well as the services and events offered by the GSA throughout the year.

The GSA, led by its guiding documents consisting of Bylaws, Policies and Strategic Plan, espouses to a future for graduate students at Brock where our Association plays leading and supporting roles in creating spaces for our membership, for current and future considerations. We believe in a sustainable

focus that ensures that graduate students continue to discover their own success now and in years to come.

The 2023-2024 Organizational Chart:

Board of Directors

The Board of Directors consists of two representatives from each of the 12 graduate Faculties, and four graduate students-at-large, with recruitment for representatives undertaken in March/April each year, with the term of office running from May 1 to April 30 of the following year. Recruitment may be undertaken throughout each term on an as-needed basis to fill any vacancies as they arise.

The Board is involved in making decisions that define the vision and mission of the GSA, its strategic objectives, priority populations, the organizational values, the strategic priorities, and the future course for GSA. It establishes the legal, ethical, and financial boundaries within which the Executive and Staff must operate to achieve the mission and strategic goals.

GSA Student Services

The GSA offers many valuable services to its members ranging from social events and grad-only spaces around campus, to a health and dental insurance plan, bus pass (U-Pass) and food support program (Food First). We work in collaboration and conjunction with Brock University services, faculties and departments and other organizations, such as our undergraduate counterpart BUSU (Brock University Students' Union), to offer workshops, events, activities, and services that benefit all graduate students.

GSA Socials, Events and Workshops

The GSA organizes a variety of social events and activities, as well as workshops, throughout the year to give you an opportunity to get out and mix with fellow graduate students. A little relaxation and a new perspective can often help ease the tension and pressure of graduate school. While the event offerings from the GSA may vary from year-to-year, some of the more popular events each year are Orientation week, Wellness week, Cultural Integration week, as well as dog therapy visits.

The GSA hosts independently and/or in collaboration with other Brock Faculties or Departments, several academic, personal, and social development workshops, and events throughout the academic year.

The GSA continually evaluates these offerings to ensure that the best opportunities are offered for all graduate students.

Near the end of each academic year, the GSA hosts an Annual Awards Gala to celebrate Brock graduate students and their achievements. This evening of elegance is filled with dinner, dancing, entertainment, and awards - it is an event that you do not want to miss. In April 2023, our highest attendance and sold-out Gala event was a spectacular success. The GSA also sponsors an Ambassador program and Honorary inductees.

GSA Student Space

Located on the 6th floor of the library and zoned for quiet study, this graduate-student only area offers:

- Graduate Study Room – 22 study carrels and 2 workstations.
- Graduate Meeting Room – meeting space for up to 10 people, this room features an LCD panel which can be connected to a laptop; and may be reserved online, in advance, for 2-hour time slots.
- Graduate Student Lockers - are available through the library for individual graduate students' use on a first come-first served basis.

Contact the GSA office office@brockgsa.ca to receive the access code to enter the Graduate Study Room and the Graduate Meeting Room, as these codes may change as required.

GSA Health and Dental Plan

The GSA provides a comprehensive Health and Dental Plan for ALL registered graduate students. The cost of the plan is applied to your Brock Student Finance Account. The plan year runs from September 1 through August 31 of each year.

If you have an existing alternate, comparable and continuous Canadian Health and Dental coverage, you can combine it with the GSA Health and Dental Plan by coordinating your benefits for the best possible coverage. Students who wish to opt-out of the GSA plan are asked to provide proof of their alternate, comparable Canadian benefits plan for review and approval. Provincial health coverage (i.e., OHIP or UHIP) are not considered eligible alternative plans. OHIP or UHIP work in partnership with the GSA Health and Dental Plan to provide graduate students optimal health and dental coverage. Eligible alternative plans are either purchased privately or provided through an employer.

Family Health and Dental Benefit coverage is also available for registered graduate students enrolled in the GSA Health and Dental plan, wishing to extend the plan to include their eligible dependents (spouse and/or children).

The Opt-In/Opt-Out period is exclusive to the term in which the graduate student is assessed the Health and Dental fee during the plan benefit year of September 1 to August 31. Deadlines to opt-in or opt-out are firm and cannot be altered or waived.

The Opt-In/Opt-out period opens on the first day at 12:01 a.m. (EDT or EST) and closes on the last day at 4:00 p.m. (EDT or EST) There are no exceptions.

- Fall term enrolled student: September 1 to 30, 2023
- Winter term enrolled student: January 1 to 30, 2024
- Spring term enrolled student: May 1 to 30, 2024

For further information about the GSA Health and Dental plan, we invite you to visit New GSA Webpage for information on our [GSA Health & Dental Plan](#).

For further information or questions about the GSA Health and Dental plan, students are encouraged to contact health@brockgsa.ca or visit studentvip.ca/brockgsa.

Food First

The Food First program, supported financially by the GSA and administered by BUSU, in partnership with Brock University and Aramark Canada, is a service aimed to address the growing issues of food and health insecurity among Canadian post-secondary students. The program provides support to students in need with a local grocery store gift card. This service is designed to assist with food and health accessibility and is not intended to be a primary source of food for any one graduate or undergraduate student.

For more information, please visit brocku.ca/foodfirst.

Universal Bus Pass (“U-Pass”)

Graduate students at Brock passed a referendum in April 2003 in favour of participating in the U-Pass program, administered by BUSU. As a result, all full-time graduate students are billed for the U-Pass, regardless of what campus they are on, where they live, if they want to drive to school or any other reason. This pass is valid from September 1 to April 30 of your registered year. U-Passes are not available to part-time and exchange students, or for the Summer Term.

The U-Pass is a sticker that will be placed on your student ID card. To obtain your sticker, your Brock graduate student ID card is required, you must be currently registered, and the fee assessed on your student finance account. The stickers are available during Orientation/Welcome Week in September; after that they are available at the Student Alumni Centre (BUSU). When you get on the bus, swipe your Brock student ID card with a valid bus pass sticker which allows you to ride as often as you would like. It is that simple! With your U-Pass, you have access to St. Catharines, Thorold, Niagara Falls, Welland, Fort Erie, Pelham, and the Niagara Regional Transit Systems. For more information on your Universal Bus Pass, how to get to Brock and around the Niagara Region, please check out the resources at [Brock BUSU transit](#) services.

Canadian Federation of Students (CFS)

In 2004, graduate students at Brock voted to become members of the Canadian Federation of Students (CFS). Formed in 1981, the Canadian Federation of Students is a bilingual national union which represents over 530,000 domestic and international, full-time, and part-time, college, undergraduate, and graduate students from across the country from more than 64 universities. CFS provides students with an effective and united voice, provincially and nationally, and creates space and opportunity for students across the country and province to join together in creating change and winning victories both on and off campus.

Specifically, through the CFS, students’ unions collectively pool their resources to provide student-owned and operated services such as the [ISIC](#) for graduate student members and free online tax filing with [UFile.ca](#), which are designed to save students money. The CFS also provides resources related to campaigns, closed Caucus’, and constituency spaces that help support our unique members. The GSA is a member of the CFS National Graduate Caucus (NGC). CFS members have a say in setting the policies, direction, and priorities of the Federation, including how funds are spent. For more details, visit cfs-fcee.ca and cfsontario.ca.

Student Life and Success

In [Student Life and Success](#), they are focused on supporting students' development and growth both inside and outside the classroom. The Student Success Centre provides students with convenient and approachable access to resources including skills workshops, drop-in academic support, and tutoring.

The Student Engagement team supports an exceptional student experience by providing students with co-curricular opportunities that facilitate connections to others within the Brock and Niagara communities. The team also supports new student orientation, [ExperienceBU](#) and the Campus-Wide Co-Curriculum and students who are living off-campus/commuting.

A-Z Learning Services

We support the academic success of all Brock students. Services include academic and life skills workshops, drop-in help from upper-year students, and a variety of academic resources. We also offer course-specific tutoring on a pay-per-hour basis.

The A-Z Learning Services team supports students' success by creating opportunities for students to build academic skills, increase self-awareness, and muster the courage to follow their own passions. Find them beside the Market Hall.

Student Life

We provide engagement opportunities to enhance the Brock student experience. We offer programs and services that support campus involvement, leadership development, community engagement, off-campus living and so much more.

Find them in Mackenzie Chown A-Block, just around the corner from the Schmon Tower Tim Horton's.

Faith and Life Centre

Faith and Life, providing a safety and inclusive community space, offers a wide variety of religious, spiritual, and secular supports, such as religious education and support, campus-wide events, spiritual direction and counselling, and critical thinking for all students, staff, and faculty. Faith and Life can be found at the end of Thistle hallway, headed South down the hill, in Alphonse's Trough.

The Centre is a space for all students, and all student clubs – religious or otherwise. Part of the space is designated as a drop-in quiet study space, while the other half is primarily used for religious practices, i.e., prayer groups, Bible studies, and discussion groups.

Student Affairs

We support students by leading the Crisis Assessment Response and Education (CARE) team and the Non-Academic Misconduct process. The goal of the CARE team is to connect students with the appropriate service(s) that addresses their unique situation while providing the student with support to enable a healthy and successful academic and personal future.

The Student Affairs team takes a restorative approach to administering the Student Code of Conduct. Violations of the Student Code of Conduct are managed through the non-academic misconduct process wherein education and safety are prioritized. At all times, Student Affairs is here to help and support students.
